FOR IMMEDIATE RELEASE

TUBE BENDING, INCORPORATED ANNOUNCED SUPPLIER OF THE YEAR

(July 1, 2009) – Hesperia, CA - Tube Bending, Incorporated (TBI) has been selected by an EADS North America company as its "2008 *Supplier Excellence Award*" recipient. This award recognizes TBI's outstanding quality, delivery and customer service.

EADS is the second largest aerospace and defense company in the world whose divisions include Airbus, Airbus Military, Eurocopter and EADS Astrium. As a leader in all sectors of defense and homeland security, EADS North America and its 12 operating companies in the United States offer a broad array of advanced solutions in the commercial, homeland security, aerospace and defense markets.

The annual "*Supplier Excellence Award*" acknowledges a supplier's outstanding accomplishments, and the selection of TBI was made by members of engineering, purchasing, integrated supply chain and executive teams. "The Tube Bending staff has been outstanding in responding quickly and accurately to our requests - and as a result, we've been able to meet a number of key program milestones in 2008. In addition to its exceptional on-time and on-quality rating of 99.2 percent, Tube Bending provides a level of service to our company that has been above and beyond expectations" said Scott Selle Business Unit President of EADS North America.

"We are pleased that our commitment to quality and service has been recognized by such a prestigious company and a valued customer of Tube Bending," said President, Bryan Christoffersen. "As part of our strategy, we have continued to invest in state-of-the-art equipment and technology to ensure that Tube Bending remains a responsive element in the aerospace manufacturing supply chain."

Tube Bending, Incorporated, located in Hesperia, CA, is an ISO-9001 and AS9100 registered manufacturing company. TBI builds tube assemblies and components for both aerospace and commercial applications.
